

REFERENCE #DX18014

Notice of Sole Source Purchase

Edmonds Community College (hereafter referred to as “EdCC” or the “College”) intends to purchase the FANUC Robotic Arm Certified Education Robot Training (CERT) Training Package which meets the requirements for the College’s designed curriculum. The FANUC products and educational program package are manufacturer-specific to be used by College students, faculty and staff. The FANUC CERT training program and manufactured educational products can only be purchased from Klein Education Systems, the exclusive FANUC-Education Authorized Reseller for the United States. The purpose of this sole source posting is to provide notice to vendors of the College’s intent to purchase this specific manufacturer-direct product from **Klein Education Systems.**

*Any questions or statements regarding this sole source posting may be directed to:
