

Georgi Petrov - Vratza, Bulgaria

How did you hear about Edmonds Community College?

I used the services of an agency for educational travel in Sofia. I told them I wanted to go to a college with a good computer science program, and the first thing they mentioned was EdCC.

Would you have preferred to go to a four-year university for your first two years of study?

No, coming to Edmonds CC helped me to get familiar with the American educational system. Spending 2 years in a community college taught me how to give 100% of my potential. The college has a great location, which definitely helped, and all my teachers were wonderful people.

Where are you transferring?

I am transferring to Bethany College in West Virginia. I got a scholarship for international students, based on GPA and my SAT score.

What is your future plans?

After earning a Bachelor's Degree, I will try to get a Master's degree. My long term goal is to go back to Bulgaria and to work somewhere in Western Europe.
