Fall 2023 Application Checklist

1. Meet with the Program Manager to determine eligibility
   - Book an appointment: email ammet@edmonds.edu

2. **(Skip to Step 3 if you are a current Edmonds Student)** Apply to Edmonds College
   - If you are currently enrolled at a Washington State Community or Technical College, please access your state application (link: https://apply.ctc.edu/user) and add Edmonds College. This will prompt our Enrollment Services Office to activate your current ctcLink ID number for Edmonds.

   - If you have never been enrolled at a Washington State Community or Technical College, or if you were enrolled prior to ctcLink, you will apply to Edmonds College (link: https://apply.ctc.edu/user) as a new student. When completing the application, make the listed selections in each of the following fields:
     - Program: Professional Technical
     - Degree or Certificate I am seeking: Undecided Professional Tech

   - If you are an international student, you will work with our Office of International Programs (link: https://www.edmonds.edu/International/) to determine eligibility. If eligible, you can apply to Edmonds College (link: https://www.edmonds.edu/International/admissions/default.html).

3. Complete the Online AMMET-BAS Application Form.
   - Link: https://forms.gle/iRY5kYaUZwwGXDqx6

   - The application will collect information in the following sections: demographics, academic history, unofficial transcript(s), practicum/internship/volunteer experience, employment experience, and your application essay.

   - Be prepared to upload the following to the application: unofficial transcript(s), resume, application essay. *Files in pdf format are preferred.*

4. Pay the $25.00 non-refundable application fee through CTCLink.

5. Explore funding for your CYFS-BAS.
