

BAS-CYFS APPLICATION CHECKLIST

The Bachelor of Applied Science in Child, Youth, and Family Studies (BAS-CYFS) is an evening/hybrid program that builds on professional-technical associate degrees, such as the Associate in Applied Science-Transfer (AAS-T), in Early Childhood Education, Human Services, Addiction Studies, or Family Support Studies for a total degree of 180 credits. A minimum of 90 credits would have been completed prior to admission.

Edmonds CC is accredited by the Northwest Commission on Colleges and Universities and the program is approved by the Washington State Board for Community and Technical Colleges.

Admission into the program is determined holistically by several factors: strength of Personal Statement, Professional Recommendations, GPA, and work experience. Meeting minimum requirements does not guarantee admission.

- If you are a new student to Edmonds CC, [apply for general admission](#).
- Complete an AAS-T, or equivalent degree*, in Early Childhood Education, Human Services, Addiction Studies, or Family Support Studies prior to the start of the BAS-CYFS degree.

*Students without the AAS-T are encouraged to consult with the Program Manager to determine equivalency prior to applying. Please visit the [BAS-CYFS website](#) for contact information.

- Application Form [see page 2].
- Personal Statement [see page 3].
- Current Resume [see page 3].
