

CONFIRMING YOUR PROGRAM

FREQUENTLY ASKED QUESTIONS

Q: Why am I being asked to confirm my program?

A: We want to be actively involved in helping you reach your academic goals. To accomplish this, we'll do regular checks on your program by asking you to do a quick update each quarter, when you register for classes. If you change your program, we'll update your student record (within 7 days).

Q: Could changing my program impact my financial aid/funding?

A: It's possible that a change in your program might have some bearing on your financial aid or funding source. To determine how a program change may affect you, it's best to submit a [financial aid support request form](#).

Q: What if I don't see my program?

A: Academic programs sometimes change titles, departments and/or categories -- this can sometimes make them a little tricky to find. If you're not sure that you've made the right selection, the registration office can help: registration@edcc.edu

Q: I need help choosing a program. How do I find assistance?

A: Let's take a look at your strengths and interests, and determine the best academic path to get you to your goals. Visit our Advising Resource Center, or email them at: advising@edcc.edu. If you're an International Student on a non-immigrant visa, you'll want to contact an advisor from International Student Services at: iss_advisors@edcc.edu. We've got additional resources in the list to the right that could help you find your path.

Q: What if I need to change my program in the middle of the quarter?

A: It's possible that program changes may lengthen the time it takes to complete a degree or certificate. **Since program changes may also have immigration implications for International Students, we recommend that all students talk with their advisor first.** Once you're ready, you can submit your program change by completing the [online form](#).
